## Objective

Passionate and detail-oriented Java Developer with a strong foundation in object-oriented programming, data structures, and software development. Currently a student, eager to apply my skills in Java, backend development, and scalable application design to real-world projects. Enthusiastic about contributing to innovative software solutions, enhancing system efficiency, and collaborating in dynamic environments. Seeking an opportunity to leverage my technical expertise and problem-solving abilities to develop impactful and user-friendly applications.

## Education

- KPR College Of Arts Science and Research** 2023 - 2026  
B.SC COMPUTER SCIENCE

## Skills

- Java
- Web Developer
- Problem Solving
